

12 Principles of Brain Based Learning Challenge

Prepare a 1 minute creative presentation for the entire group that:
Defines your principle in common words.
Shows how your principle relates to classroom practice and implications for your work.
When task is completed individually complete the challenge self assessment.

HINTS FOR YOUR PRESENTATION

Develop a way to insure that everyone in your group understands the principle
Brainstorm ideas before implementing your final idea
Involve all group members in the presentation
Creative brain compatible presentations utilize visuals, music, rhythm, play, acronym, metaphor, etc.
