

# The Circles of Me

Write your name in the center circle.

In three of the small circles write your personal learning/teaching strengths, (e.g. independent learner, team player, cooperative learner and/or use interactive learning strategies.)

In two small circles write personal strengths that you have (e.g. communication skills, sense of humor, flexibility).

In one circle write the languages you comfortably read, speak and process.

Mill around and find a partner whose circles are least like yours.

Mill around the room and find a pair whose circles are different from yours.

Form a group of four and sit down at a table.
